

Company Overview

VPC Specialty Lending Investments PLC (“VSL” or the “Company”) invests in opportunities within the specialty lending market primarily through online lending Platforms. The Company completed its IPO on 17 March 2015 with a premium listing on the Official List of the U.K. Listing Authority and trading on the Main Market of the London Stock Exchange. The Company’s trading symbol is VSL for the Ordinary Shares.

The Company’s investment manager is Victory Park Capital Advisors, LLC (“VPC” or the “Investment Manager”). VPC is an SEC-registered investment adviser and acts as the AIFM of the Company.

Since 2010, the Investment Manager has been actively involved in the specialty lending marketplace and has made more than \$4.5 billion of investments and commitments across various financial technology Platforms, spanning multiple geographies, products and structures, and is continuing to deploy capital into existing and new Platforms.

The Company’s Investment Objective

Increased banking regulation (particularly in Europe and the US) is imposing restrictions on certain types of lending by banks to both consumers and small businesses, leading to a growing market for specialty lending Platforms. The online lending market continues to expand rapidly as both borrowers and investors recognise the advantages relative to the traditional bank lending model.

The Company seeks to generate an attractive total return for shareholders consisting of dividend income and capital growth via investments across a diverse portfolio of various online lending platforms (each a “Platform”), asset classes, geographies (primarily US, UK, Europe and Australia) and credit bands.

The Company generates investment income from exposure to Platform-originated consumer and small business loans, including corporate and trade receivables, in accordance with certain investment limits and restrictions to ensure diversification of the Company’s portfolio is maintained and that concentration risk and credit exposure is mitigated. In addition, the Company may also make direct equity investments, or receive warrants to purchase equity stakes, in such Platforms.
