SUMMARY AND HIGHLIGHTS FOR THE THIRD QUARTER OF 2025

Quarter Ended 30 September 2025

- The quarter ended 30 September 2025 delivered positive returns, and VPC Specialty Lending Investments plc (the "Company") and the Investment Manager continue to focus on creating near-term liquidity, acknowledging that this may require a longer timeframe in order to maximise value for shareholders. The Company generated total interest income of approximately £1.4 million and capital returns of £0.3 million.
- The interim dividend of 0.55 pence per share for the three-month period to 31 March 2025 was paid on 17 July 2025 to shareholders on the register as at 20 June 2025. The ex-dividend date was 19 June 2025. The 0.55 pence per share dividend represents the net revenue return earned by the Company for the three-month period to 31 March 2025.
- At 6 August 2025, in accordance with UK Listing Rule 6.4.6R the Board of the Company announced that, with effect from 6 August 2025, Nick Campsie assumed the role of chairman of the Company from Graeme Proudfoot who will retire from the Board with effect from the conclusion of the next AGM of the Company, expected to be held in June 2026. Nick joined the board in June 2024 and has been Chair of the Management Engagement Committee ("MEC") since 24 September 2024.
- The Company announced the merger of Whele, LLC ("Razor Group" or "Razor") and Infinite Commerce on 28 August 2025. The merger creates a global aggregator leader of online marketplace merchants, bringing together industry-leading scale and a fully integrated technology platform that enables the business to continue automating its e-commerce operations. The combined company will operate under the Razor brand.
- During the quarter, movements in GBP/USD exchange rates positively impacted the portfolio. The impact from F/X and other returns totaled 1.55% of the total net NAV return of 2.96% for the quarter.

Subsequent Events

- No subsequent events have occurred since quarter end.

Asset-Backed Finance Investments (Loans at Amortised Cost)

VPC SPECIALTY LENDING

- The table below contains the complete listing of asset-backed finance investments as at 30 September 2025 and the roll of each investment for the quarter. All these investments are valued at amortised cost under IFRS 9, and the exposures below represent the directly held exposures to each of the underlying portfolio companies.

Agora Finance, LLC (d/b/a Agora Brands)	338	-	2	7	347
Razor Group GmbH	4,114	(1,614)	(2,500)	-	-

- In August 2025, Razor Group successfully completed a merger with Infinite Commerce with the consolidated entity continuing operations under the "Razor" brand as announced previously in the 2025 Half-Year Report. As part of the merger, the portion of existing Razor Group debt that was previously fully reserved was written off and the residual remaining debt positions were transferred into newly restructured Senior Secured Term notes and Tranche 2(a) and 2(b) loans in Infinite Commerce Holdings, LLC. The restructured Senior Secured Term Notes, along with the newly structured Tranche 2(a) and 2(b) Loans, were evaluated using a new expected credit loss ("ECL") with an adjusted probability of default and loss given default assumptions reflective of the combined business which resulted in a lower reserve requirement than previously held on the Infinite loans.
- Integra Credit's ECL decreased quarter-over-quarter in Q3 2025. The zero-coupon note is held at amortized cost and is evaluated for ECL reserves on a quarterly basis, which currently shows no reserves as of 30 September. Additionally, as announced last quarter, the realized loss recognised at the time of the transaction is being unwound over the remaining maturity of the note, as per IFRS reporting requirements.

Asset-Backed Finance Investments (Loans at Amortised Cost) (Cont.)

VPC SPECIALTY LENDING
INVESTMENTS PLC

As at 30 September 2025, the Company has asset-backed finance investments in seven portfolio companies, comprising 60% of the Company's Gross Investment Assets

- The table below is a summary of the activity of the provision for expected credit losses on the investments held at amortised cost for the quarter.

Asset-Backed Finance Investments: Expected Credit Loss Reserve Roll Forward

Beginning Provision for Expected Credit Losses	Change in Expected Credit Losses	Currency Translation on Expected Credit Losses	Ending Provision for Expected Credit Losses
£ 23,288,689	£ (19,884,964)	£ (131,227)	£ 3,272,498

- The decrease in ECL quarter-over-quarter is due to the restructuring of the Infinite Commerce Holdings and Razor positions as mentioned on slide 5. As a result of the new structure and post-transaction debt balance, £19.9 million of reserves were released as a result of the transaction. This arose because the instruments in respect of which the provisions had been made were cancelled pursuant to the restructuring and replaced by new instruments.

Maturity Profile Updates

- As noted, the Investment Manager performs a continuing evaluation of the portfolio in order to assess the most appropriate realisation strategy to be pursued for each position. Whilst some positions may be considered appropriate for sale in the shorter term, other positions may be held for a longer period to enable their inherent value to be realised successfully. In the case of the latter, the maturity date may be extended on the Company's asset-backed positions.
- The increase quarter on quarter in maturities in 2029 is a result of the merger of Razor Group and Infinite Commerce Holdings, pursuant to which the maturity of the Razor notes was extended from Q4 2028 to Q4 2029.

Cash Collection Updates

- The Company received minimal, ad-hoc repayments from Statera Capital Partners and CalCap Pre JV MS, LLC.
